To Whom it May Concern

Are you looking for a problem solver, someone who raises the standard of work, effort and output?

I'm very confident that I can help either as an employee or a contractor. My experience ranges from cleaning floors and working in factories to running factories and multi-million-dollar projects and businesses.

I am looking to start a fresh in Australia and would love a chance to work my way up and prove myself in the right organization.

Previous roles have included multiple years in manufacturing, real estate, technology, software and finance.

Most importantly, I am ready to work, and to commit.

Regards,

David Noon
